AI for Architects and Interior Designers by IAP-QC

IAP-QC

Workshop on Generative AI for Architects and Interior Designers
By IAP Quetta Chapter | 14 June 2025 at NUST Balochistan Campus.

The workshop aimed to familiarize participants with emerging AI tools relevant to architecture and interior design. Practical demonstrations included the use of CapCut and other generative design platforms.

Faculty members and professionals from the field of architecture participated in the session. The event was lead by IAP-QC with support from NUST campus civil departments.

The organizing team appreciates the efforts of all contributors involved in the success of this initiative.

Workshop “Foundations of City Planning for Architects”

IAP-RIC

Workshop on **“Foundations of City Planning for Architects”** by Dr. Amir Khan
Organized by Institute of Architects Pakistan – Rawalpindi Islamabad Chapter (IAP-RIC)
Venue: IAP Secretariat, Islamabad
Date: June 28, 2025

The Institute of Architects Pakistan – Rawalpindi Islamabad Chapter (IAP-RIC) successfully organized an insightful workshop titled “Foundations of City Planning for Architects” at the IAP Secretariat, Islamabad.

The session was conducted by the renowned urban planner and academician, Dr. Amir Khan, who shared his deep knowledge and practical experience on various aspects of urban planning and development.

The workshop focused on the strategic stages of the city planning process, including inception, data analysis, policy formulation, and sectoral action plans. Through detailed visuals and real-world case studies, Dr. Amir Khan offered valuable insights into the evolution of cities, challenges in urban governance, and the critical role of architects in shaping sustainable and inclusive urban environments.

President IAP Ar. Fawad Suhail Abbasi was present at the occasion and appreciated the efforts of the organizing team. He was thanked for his continued support and leadership in encouraging such professional development activities.

Chairman IAP-RIC Ar. Abdullah Khan extended his gratitude to the sponsors for their generous financial support, acknowledging that the success of this workshop was made possible through their contribution. He also appreciated the speaker’s impactful session and the active participation of architects, planners, and students.

At the conclusion of the event, mementos were presented to the speaker and sponsors, and certificates of participation were distributed among the attendees, marking a successful and well-received session.
